

Romeo and Juliet

The Montagues and the Capulets have a long-standing feud which regularly leads to outbreaks of street violence in Verona. When Romeo (a Montague) and Juliet (a Capulet) fall in love, their feelings are so strong that they ignore their families' rivalry and marry secretly.

But then Tybalt (Capulet) kills Romeo's best friend Mercutio, and Romeo in an outburst of rage takes revenge by killing Tybalt. After only one day of marriage, Romeo is banished from Verona and may never see Juliet again. When Juliet's father (knowing nothing of her relationship with Romeo) tries to force her into an arranged marriage, Juliet grasps desperate measures...

White Horse Theatre's abridgement is packed with emotion and action, with poetry and humour, with hate...and with love.
